

ABOUT EFRI

Founded in 1961, the Faculty of Economics of the University of Rijeka (EFRI) continues to respond to the increasingly competitive and challenging environment in which we live and work. The Faculty is a modern institution which performs undergraduate, graduate and various post-graduate study programs in the field of Economy and Business. Since 2011 EFRI offers an International Business study program taught in English (undergraduate and graduate study) and since 2015/2016 the Entrepreneurship online learning study program for graduate students.

The EFRI's study programs, lifelong learning programs, the mobility within the international academic community, the extracurricular activities as well as the Faculty's collaboration with the industry provides professional growth and development for students and their successful employment, as well as competitiveness in a dynamic economic environment. EFRI fosters the development of its employees' potentials, rational utilization of material resources, continuous quality assurance and enhancement of international competitiveness of its teaching and scientific activities. The mission of EFRI is *by educating and developing entrepreneurially oriented and socially responsible regional leaders, managers and researchers, and by cooperating with the local community, to contribute to social development and science. The vision encompasses integration into the European area of higher education and European research area accompanied by overwhelming support for development of the economy.* The Faculty is one of University's most important and active components, with more than 1,800 students. EFRI was among the first to introduce scientifically based contents, courses and research work in Croatia, founded on the theory and practice of Economic Integration of countries and their respective economies. EFRI collaborates with eminent foreign universities, in the field of research and organization of joint conferences, student exchange, summer schools and other. The student's life at EFRI is colorful and exciting. Student conferences, case study challenges and workshops are organized regularly by the Career Centre. *The Faculty shall be an institution which will continuously evolve and enhance its study programs, research and its staff capabilities.*

SUMMER SCHOOL

After a dozen of successful Schools, the Faculty of Economics in Rijeka is organizing the International Summer School - «*International Environment and European Integration*», which will be held from July 2 to July 14, 2018, in Rijeka.

Throughout its entire history, the Summer School has educated more than 300 participants from more than 30 countries of Europe and beyond (Republic of Croatia, Belgium, Russia, Taiwan, France, Slovakia, Czech Republic, Ukraine, Kazakhstan, Uzbekistan, Armenia, Mexico, Slovenia, Bosnia and Herzegovina, Serbia, etc.).

The goal of the EFRI Summer School is to broaden the knowledge of students of economics, law, political sciences, administration and other related studies on the economic integration process in Europe and its effects on business and other aspects of environment, and to point out the advantages and challenges of economic integration in everyday life.

This program will consist of lectures, workshops and assignments to be completed in groups with the support of academic supervisors. Due to its specific approach, the School will be appealing both to students with basic knowledge of EU matters and those who want to know more.

The Summer School is developed in cooperation with the local community, successful Croatian companies, domestic and foreign institutions. Lecturers will be from Croatian and European Universities, as well as other institutions.

Participants will be awarded with 6 ECTS credits, after successful completion of the program. The official language is English.

The deadline for applications is **June 4, 2018**
Applications are to be submitted:
